

HOROSCOPES

ARIES - Mar 21/Apr 20

You can be unusually persuasive, Aries. Your biggest opponents are those who question your timing. Act as if you already know the answer and you'll be right.

TAURUS - Apr 21/May 21

Taurus, you find deeper meaning in the most casual remarks lately. Introspection causes you to do some self analysis. Believe in your potential and you can do anything.

GEMINI - May 22/Jun 21

A surprising question catches you off balance, Gemini. Yet you don't miss a beat. Cosmic forces are pushing love in your direction. Enjoy the rush.

CANCER - Jun 22/Jul 22

Cancer, a confrontation ends early when the opposing party gives in to your wishes. The crab got lucky this time so make the most of it. Confusion arises midweek.

LEO - Jul 23/Aug 23

Leo, when you see the shortcut this week, take it. There would be no entrepreneurs, pioneers, or inventors if everyone waited for permission to push on.

VIRGO - Aug 24/Sept 22

Virgo, it takes only one kind word from a friend to remind you how wonderful you are. There are many willing partners who are waiting for you to jump into the mix.

LIBRA - Sept 23/Oct 23

Expect a sudden reversal in your life, Libra. Everything is still going your way, but it changes somehow. As long as you can adapt quickly you'll be fine.

SCORPIO - Oct 24/Nov 22

Being timid is not in your make-up, Scorpio. This is your week to shine and get noticed. The scorpion's desires will not be denied and pity those who stand in your way.

SAGITTARIUS - Nov 23/Dec 21

Be careful about getting worn out this week, Sagittarius. It may be time to pass the torch to another able person. You have to remember you're only human just like others.

CAPRICORN - Dec 22/Jan 20

Capricorn, you've had enough of being alone. You like to be around people even if they are quite different from you. Wear your heart on your sleeve this week.

AQUARIUS - Jan 21/Feb 18

Avoid problems by making peace with troublesome individuals early on, Aquarius. The best compromise is a combination of everyone's best ideas -- go with it.

PISCES - Feb 19/Mar 20

It's finally time for Pisces to yell, "I told you so." But wait until there is a larger audience to experience it. Tuesday is a good day.
